

# **School Readiness Goal Composite**

(Hot Sheet)

CF/E-24 Revised 1/17

(mandatory)

To be completed following each DRDP Collection to assist with individualizing for children based on their established school readiness goals.

1. Enter the teacher/associate teacher(s)' and the name of the center.
2. Place a checkmark in the box for the appropriate DRDP collection.
3. Enter target ID #s in the appropriate column. These ID #s will be used on the Activity Plan to designated activities that are planned to support each child's school readiness goal progress.
4. Enter children's names next to the appropriate ID #s.
5. The remaining five columns reflect each of the Central Domains of the Head Start Early Learning Outcomes Framework. For each child, enter the DRDP measure number that corresponds to their established school readiness goals. Every child should have one measure number entered per Domain.
6. Complete one School Readiness Goal Composite for every 10 children enrolled.
