

Diagnostic Follow-Up Form (referral from hearing screening)

(Hot Sheet)

CF/H-7e & f New 1/17

(mandatory)

For recording results of Puretone or OAE screenings (CF/H-7a) completed by certified personnel at facilities or in homes for Home Base children. When a child has documentation of completed hearing screening on a current physical, this form is not needed. (PE hearing results may be used if date of exam aligns with child's EPSDT schedule.)

- All programs shall use this form.
 - Grantee programs using school based health cumulative folders may record hearing results directly on cumulative folders and tracking system.
1. Health staff/FSW to complete form.
 2. Give parent white copy. Yellow copy to be placed in health folder. Results documented on tracking system and on End of Year Cards provided to parents.
 3. When follow-up testing is needed and referral identified, the parent/guardian shall be given white copy along with a completed CF/R-33 or CF/R-34 Release of Information and a copy of the H-7f Hearing Referral Information to Parents form with the child's hearing results listed to take to provider.
